2. Describe how, and the extent to which, program faculty contributed to the development of this plan.

All business school faculty contributed to the continued revision of the CBK learning outcomes in Spring 2016 beginning with the work of the undergraduate curriculum board and then school-wide work at the May 2016 and August 2016 all business faculty retreats. This included editing of the learning outcomes as well as rubric design to assess a learning outcome (e.g. decision-making, written communication) for use across multiple departments.

Major learning outcomes were developed/revised by the department faculty in a collaborative/iterative manner in department meetings/circulated electronically in AY 17-18. Where applicable, departments utilized the rubrics already created for assessment of the CBK learning outcomes (e.g. writing rubric, decision-making rubric). In cases where existing rubrics were not appropriate for measuring the major learning outcome, the department faculty worked to create/modify rubrics to assess the specific learning outcome.
