

Program: Traditional BSN

Department: Undergraduate Prelicensure Programs

Degree or Certificate Level: Bachelors

College/School: School of Nursing

Date (Month/Year):07/2022

Primary Assessment Contact: Renee Davis

In what year was the data upon which this report is based collected? Academic year 2021-2022

In what year was the program's assessment plan most recently reviewed/updated? 2020

Which of the program's student learning outcomes were assessed in this annual assessment cycle?

AY 2021-2022: Student Learning Outcomes 5, 6, 7, 8

SLO #5: Practice in a variety of settings with clients of all ages and diverse sociocultural backgrounds.

SLO #6: Assist clients, at any point on the health-illness continuum, to mobilize and use adaptive resources for promotion, maintenance, and restoration of health

SLO #7: Collaborate with interprofessional colleagues, community representatives, and consumers to enhance health care.

SLO #8: Apply evidence-based knowledge as the basis for safe, effective nursing practice.

Which artifacts of student learning were used to determine if students achieved the outcome(s)? Please identify the course(s) in which these artifacts were collected. Clarify if any such courses were offered a) online, b) at the Madrid campus, or c) at any other off-campus location.

SLO #5 Artifacts of Learning

4. The fourth artifact is students' self-reported ratings for (Indirect measure) Q089 (assist patients to interpret the meaning of health information); Q090 (act as an advocate for vulnerable patients); Q092 (Honor the rights of patient to make decisions about their health care) Q072 (assist patient to achieve a peaceful end of life) on the Skyfactor MAP Works survey administered to graduates upon completion of the program.

Which courses:

Level 1: 2500, 2510, 2520.

Level 2: 3370, 3430, 3440, 3460, 3470, 3480, 3490.

Level 3: 4100, 4150, 4200, 4300, 4350.

SLO#7 Artifacts of Learning

1. The first artifact is students' ability to relate to people as demonstrated in (2520, 3430, 3440, 3460, 3470, 3480, 3490, 4200, 4350). (Direct measure on Clinical Evaluation Tool of observed student behavior) Promoting adaptation: Objective #7. Collaborate with interprofessional colleagues, community representatives, and consumers to enhance healthcare. (direct measure).
2. The second artifact is students' scores on the ATI RN Comprehensive Predictor exam, specifically on the items for: BSN Essentials: Interprofessional Communication and Collaboration. This exam is taken in 4400.
3. The third artifact of learning is (Direct measure) Student will pass NCLEX exam on first attempt.
4. The fourth artifact is students' self-reported ratings for (Indirect measure) 058 (communicate with health care professionals) Q085 (Work with interprofessional teams) on the Skyfactor MAP Works survey administered to graduates upon completion of the program.

Which courses:

Level 1: 2500, 2520, 2700.

Level 2: 3100, 3370, 3430, 3440, 3460, 3470, 3480, 3490. .

Level 3: 4100, 4150, 4200, 4350.

SLO #8 Artifacts of Learning

1. The first artifact is students' ability to relate to people as demonstrated in (2520, 3430, 3440, 3460, 3470, 3480, 3490, 4200, 4350). (Direct measure on Clinical Evaluation Tool of observed student behavior) Promoting adaptation: Objective #9. Apply evidence-based knowledge as the basis for safe, effective nursing practice.
2. The second artifact is students' scores on the ATI RN Comprehensive Predictor exam, specifically on the items for: BSN Essentials: Scholarship for Evidence Based Practice. This exam is taken in 4400.
3. The third artifact of learning is (Direct measure) Student will pass NCLEX exam on first attempt.
4. The fourth artifact is students' self-reported ratings for (Indirect measure) Q077 (Apply research based knowledge as basis for practice) on the Skyfactor MAP Works survey administered to graduates upon completion of the program.
5. The fifth article is (Direct measure) is the Evidence Synthesis Assignment which requires students to evaluate nurse research findings. This assignment is completed in 2700.

Which courses:

Level 1: 2510, 2520, 2700

Level 2: 3370, 3430, 3460, 3470, 3480, 3490.

Level 3: 4100, 4150, 4200, 4300, 4350.

What process was used to evaluate the artifacts of student learning, and by whom? Please identify the tools(s) (e.g., a rubric) used in the process and include them in/with this report.

SLO #5 Evaluation Process

1. The tool used to evaluate students' demonstration of the learning outcome is the Clinical Evaluation Tool. This is completed by the clinical instructors during the last week of 2520, 3430, 3440, 3460, 3470, 3480, 3490, 4200, 4350). These scores on this tool are aggregated the course coordinator by downloading the clinical evaluation rubric in the learning management system at end of each term.
2. The RN Comprehensive is scored in ATI Analytics and are available to the option coordinators for download at the end of the Spring term.
3. The annual NCLEX pass rate is calculated and report to the SON by Mountain Measurement in April of every academic year.
4. The Skyfactor MAP Works results are available to the associ3.1 (on)8 (av)12007 Tw (3.1 (on)8 (ave0 Tw 0.759 0.1 (e)7 (aso(c)4.3 (oe

	al colleagues, community representative s, and consumers to enhance health care.	Collaborate with interprofessional colleagues, community representatives, and consumers to enhance healthcare)	Communication and Collaboration.)			deliver high level of care) 6.5 (91.7%) Q085 (Work with interprofessional teams) 6.27 (87.8%)

Changes to the Curriculum or Pedagogies

- Course content
- Teaching techniques
- Improvements in technology
- Prerequisites

- Course sequence
- New courses
- Deletion of courses
- Changes in frequency or scheduling of course offerings

Changes to the Assessment Plan

- Student learning outcomes
- Artifacts of student learning
- Evaluation process

- Evaluation tools (e.g., rubrics)
- Data collection methods
- Frequency of data collection

Please describe the actions you are taking as a result of these findings.

The School of Nursing is currently engaged in a comprehensive review of the undergraduate and prelicensure curriculum. This data has been shared with that committee.

If no changes are being made, please explain why.

- We added ATI practice exams to the Junior level this fall and spring, with the first version of the ATI Medical Surgical Content Mastery Exam in spring semester. This is to aid in the students assessment of the knowledge and to support their remediation of the material to prepare for the senior year.

No specific changes are being made to the curriculum at this time. However, faculty can use this data to support the adoption of alternate assignments in their clinical courses.
