1. An assessment survey will be completed by each instructor at end of course in which this program learning outcome exists. This survey will inquire about: A) Specific artifact(s) used to demonstrate achievement, B)

Strengths/weakness in student performance towards this outcome, C) Number of students

who achieve 6.2 (i)-0.9 (e)3 (6.2 (i).004 Tc 0.0.80.0 0.004 Tw 0 -1.(-9.8 (ey)-8.9 (wi)-3.0 -1.229 TD(w)3.1 (h)-6.1 (o)-4

1. On what schedule/cycle will faculty assess each of the above-

Program Curricular Map

The curriculum map indicates where SLOs are introduced (I), reinforced (R), and evaluated. The map demonstrates how each course contributes to students' meeting the SLOs and help ensures student learning is designed to scaffold from initial introduction to the knowledge/skills/attitudes (KSA), to the opportunity to apply the KSAs to different situations, to evaluation of student's degree of achievement of each SLO.
