Barrett, B. for the ALS Association, St. Louis Regional Chapter, May, 2007. Wrote and compiled this practical tool for use with patients and their families in addressing end-of-life issues, facilitating family discussion, and to provide resources, activities and information on grief. Sections are designed for patients, caregivers, and parents of children, with separate pullouts for children 12 & under, teens, and young adults.

: Helping children understand the puzzle of Amyotrophic Lateral

by Riggs, M., Zuellig R., and Barrett, B., revised March, 2007. Assisted in updating this hands-on tool by contributing educational and developmental guidelines as well as additional activities, games, and learning pages for working with children as they learn about ALS, identify and process emotions, and create positive ways to help themselves and their families throughout their journey with ALS.

In-service presentations, The ALS Association, St. Louis Regional Chapter, 2006-2011. Provided educational seminars to healthcare workers and hospice agencies on ALS, symptom management, and best practices care. Also, provided end-of-life presentations regarding the needs and issues specific to ALS patients.

s & Grief: Information Barrett, B. for BJC Hospice and Supportive Care, April, 2005. Produced an age-appropriate bereavement packet for young adults, containing community and internet resources, educational materials, and emotional support information, which is distributed to patients' families through bereavement services.
